PIERRE VIVE

TIMELESS NATURE

Timeless Nature

PIERRE VIVE è un omaggio alla pietra naturale:
viva nel tempo, capace di rinnovarsi attraverso lo sguardo del design contemporaneo.

Una collezione che restituisce la matericità autentica della pietra, trasformandola in superfici pensate per spazi che uniscono carattere, armonia e funzionalità.
La gamma si compone di quattro varianti cromatiche e due versioni grafiche, ciascuna con una personalità distinta.

Un progetto che ama la bellezza della pietra nella sua essenzialità, nelle sue imprecisioni legate all'usura del tempo, lasciando emergere tonalità, variazioni ed imperfezioni come elementi di valore.

Le texture e le strutture richiamano le lavorazioni artigianali: un effetto hand made che trasmette naturalezza e aggiunge note di carattere alla progettazione degli spazi quotidiani.

PIERRE VIVE ribadisce l'attenzione ai dettagli che contraddistingue ogni collezione Kronos: un equilibrio tra ricerca e memoria, tra innovazione e radici materiche.

PIERRE VIVE is a homage to natural stone:
living through time, able to renew itself through the fresh eyes of contemporary design.

A collection with the authentic texture of stone, which transforms it into surfaces for creating spaces that combine character, immaculate beauty and convenience.

The range comprises four colour variants and two graphic versions, each with its own clearly defined personality.

A project with a passion for the beauty of stone, in all its simplicity and with its imperfections that reflect its wear over time, revealing its shades, variations and flaws as integral to its value.

The textures and structures evoke the work of traditional masons: a hand-made look that conveys an impression of naturalness and adds character to the design of the spaces where we live our lives.

PIERRE VIVE reaffirms the care over details typical of every Kronos collection:

a fine blend of ground-breaking research and memory, innovation and material origins.

Noble

Ancienne

The background of the left page is a dark brown, heavily textured surface, possibly a book cover or endpaper, with a fine, grainy texture and some lighter, fibrous inclusions.

Brionne

Noble

The background of the right page is a dark brown, heavily textured surface, similar to the left page but with more pronounced vertical streaks and a slightly different grain pattern.
