JEE-O unique bathrooms - collection 2022 - edition September © JEE-O all rights reserved JEE-O is a registered trademark of L.J. Moerman

JEE-O is refreshing and ambitious, exclusive and extrovert, tough and bold. All product lines are characterised by robust and powerful design, always distinctive in its simplicity. A look that speaks for itself, JEE-O represents a personal, conscious choice in the modern interpretation of free time. Responding to an increasing need for self-development and more than distinctive in design. Pure aesthetic enjoyment ... let us energise you!

Creative brain behind JEE-O, concept and product designer Lammert Moerman, only has one wish. To enable the world to feel the JEE-O DNA. Introduce bon vivants worldwide to the ultimate JEE-O feeling and let them discover the experience of showering and bathing in endless atmospheres. JEE-O creates products with tranquillity, peace and space for body and mind, always in an ambiance of functional luxury.

JEE-O unique bathrooms

Together with the well-known Dutch interior designer Edward van Vliet, JEE-O has designed a stylish bathroom collection: the bloom series. Like all designs of the top designer, the refined collection was inspired by nature and geometry.

Van Vliet's love of nature and geometrical shapes is reflected in the smooth transition from facet to round shapes in the design of the baths and basins, and in the hexagonal-shaped faucet heads and handles. A sunflower served as inspiration for the shower head.

The timeless bloom collection includes all the elements for optimum bathroom enjoyment: a bath, top mounted and freestanding basins, a ceiling shower and wall shower, and accessories. Designed with care and vision, they are all eye-catchers with international allure to suit any bathroom.

bloom series by Edward van Vliet

- Inspired by nature
- Unique design

This refined series is inspired by nature and geometrical shapes. This reflects in the smooth transition from facet to round shapes in the design of the baths and basins, and in the hexagonal-shaped faucet heads and handles. A sunflower served as inspiration for the shower head.

Water takes on the shape of the object that contains it. That concept has been the starting point for Italian designer Brian Sironi in designing the JEE-O flow series. Up until the moment water flows from the faucet and is free to take on any shape, it has the shape of the pipes through which it flows.

Brian Sironi: "We rarely see the pipes; they are hidden away behind walls and under floors. These taps and mixers from the flow series reveal the piping, extending it into the bathroom."

flow series by Brian Sironi

- Matching mirrors
- Timeless

Together with the Italian Designer Brian Sironi this series is established. Water takes on the shape of the object that contains it. That concept has been the starting point in designing the flow series. This collection includes freestanding showers, wall shower, bath mixer and wall and top mounted taps.

SoHo is a vibrant neighborhood in cosmopolitan New York. A dynamic melting pot of cultures and styles, and home to countless industrial loft apartments, SoHo is austere and stark. This freestanding productline is characterized by the same simplicity. Less is more. Thanks to the one-move cartridge in the faucet mechanism, the cleverly designed handle with a tactile rubber coating can be operated in the same way as a joystick. The JEE-O soho series is the first productline to result from the alliance between JEE-O and the Amsterdam-based design studio Grand & Johnson: creative cosmopolitans working together to shape maximal minimalism.

soho series by grand & Johnson

*The JEE-O soho shower 01 won a Red Dot award and a German Design Award.

- Matching accessories
- RedDot Award and German Design Award*

This series is inspired by the vibrant neighborhood SoHo in New York. Together with designstudio Grand & Johnson this sturdy design became a complete series included baths, basins and accessories. The mixer can be used as a subtle joystick and with one move you can regulate hot and cold.

"With our freestanding icons we wish to give people freedom to design the bathroom they desire for an energizing experience."

Lammert Moerman

The pure series is the embodiment of the natural energizing experience of flowing water. As the water cascades down from the spout, light is reflected in the water flow. Radiating the purest feeling that water can give. The pure series has a clean design with an O-ring to regulate both the water flow and the temperature.

This beautiful JEE-O pure series is designed by Lammert Moerman and consists of a freestanding shower, wall and top mounted faucets and a freestanding and wall mounted bath mixer.

pure series by Lammert Moerman

- Trademark ring
- Seen at Rituals Cosmetics

The design of the pure series has Asian influences and is giving you the ultimate feeling of wellness and tranquility. The iconic ring is both an on-and-off tap and a regulator for warm and cold water. This series includes freestanding shower, bath mixer, wall en top mounted taps.

- Minimalistic design
- Indoors and outdoors
- Solid stainless steel

The story of JEE-O begins with this first model: the original shower 01. This iconic design has an O-shape handle. Flow of water, hot or cold; due to this ring everything can be regulated with just one hand. As can be seen in the design the letters J and an O are together JEE-O.

Available in brushed stainless steel.

Benefits JEE-O stainless steel

Solid stainless steel
The full stainless steel body
provides superb durability also
on the build-in parts, high
mechanical strength and
resistance to thermal shock

Hygienic and safe
Stainless steel is the safe
choice. Use the products
worry free, because there is
no unwanted release of
substances in the water.

Everlasting
Stainless steel is everlasting
and if needed re-usable. It is
the more sustainable choice.
Even more so, when
combined with our 'cold-start'
progressive mixers and flow
reducers.

Selected high
quality components
The best components are
selected to excel.
Engineered and tested
against international criteria
and standards, for a
trustworthy performance.

Synergies within collections Complete series offering a broad range of choice from shower and faucet to bath, basin and accessories. All designed to match and make a true design statement.

Unique design
Outspoken freestanding
items, that give you freedom
to design fitting to your
needs. Feel energised by your
choice of interior design and
when experiencing the
wellness the products bring.

Easy care - easy repair Made from strong material and with high grade finishes. This product is easy to clean and maintain.

Quality assurance Seven years warranty on our taps and showers guarantee against production defects. It is the standard, not just an

Benefits JEE-O made from DADOquartz

Exceptionally strong
Full-bodied, 100% solid
structure. Engineered &
tested in accordance with
stringent technical criteria.

100% UV resistant Natural matt stone appearance & extreme UV resistant, your bath will retain its colour.

Lightweight material
Due to the material all
DADOquartz products are
lightweight.

Soft warm touch
Due to its high heat
retention properties, your
bath will heat up quickly
and remain warm

Clean-Hygienic
Non-porous material ensures
an easy to clean surface,
hypo-allergenic and resistant
to micro-organisms and
bacterial growth.

Unique design
Unique products that give
freedom of design and fit
perfectly within the JEE-O
collection.

Easy installation
Easy to install with space
underneath the bath for
plumbing.

Easy care - Easy repair Hand finished to ensure a smooth, luxurious look which is easy to clean. Small damages are easy to repair.

Quality-Assurance
A 25 year lifetime warranty
on defects in materials or
craftsmanship.

JEE-O works with carefully selected solid surface materials. Slight variations in the aesthetic appearance of the product including the colour, may occur after exposure to atmospheric influences such as sunlight, pollution or harmful chemicals. This does not affect the product performance in any manner. Situation specific care and maintenance instructions may apply.
